SUNSPACE ACRYLIC ROOF SYSTEMS

Sunspace Acrylic Roof Systems are proven to retain 90% light transmission and clarity for 30 years. These sheets are 100% naturally UV stable and are available in a range of solar tints that block damaging UV rays while allowing various levels of light transmission and heat reflection.

Pressure Plate Reno System

WHY CHOOSE AN ACRYLIC ROOF SYSTEM?

- ☀ Superior energy savings and heat control
- ☀ Highest light transmission
- ☀ Even light distribution
- ☀ Proven hail protection
- ☀ Patented condensate control
- ☀ Heaviest most rigid panels
- ☀ Non-shattering safety glazing
- ☀ Integrated extruded aluminum gutter system

SHEET ACRYLIC	LIGHT TRANSMITTANCE	UV TRANSMITTING	HEAT BLOCKING
